April, 2018

Tournament Reminders:

As we move towards warmer weather, we all expect a safe and successful tournament season. It is every members responsibility to read and be versed in the Clubs tournament rules. No excuses will be accepted if/when an issue arises.

ALSO - remember there are some "unwritten" rules that, for most, are self evident. Here they are again:

1. Any "Big Bass" in contention at the tournament must be ALIVE.
2. "Late" means an angler, and/or their fish, are not back at the launch area at end of tournament.
3. Pre-tournament meeting is MANDATORY.
4. At weigh-in, each angler must be prepared to choose ONE fish as the "big bass" of their bag. No multiple fish weighing will occur.
5. Those anglers without fish to weigh in, are requested to assist the Tournament Director/Club Officers with any support for conducting the weigh in.
